			Note: "Tragedy and the Tragic" – In recent years, both literary studies and philosophy have taken great interest in tragedy, a literary genre usually considered the highest and the most philosophical in the generic hierarchy. This seminar on modern tragedy will try to map three interrelated domains: poetics of tragedy from the 17th to the 20th century; philosophy of the tragic from German idealism through cultural theories around 1900 to contemporary critical theory; and tragic figurations of modernity. Conducted in English.
