Note: So called mystical traditions have played a major role in the history of modern philosophy and literature from Hegel to Heidegger, Bataille, and Derrida, and from Novalis to Paul Celan, and Ingeborg Bachmann. In this course we will read and discuss key texts written by Meister Eckhart, one of the most significant background figures in this tradition. Based on the discussion of his texts, we will look into the ways how Eckhart has been read by 19th and 20th century authors, and we will explore the impact he had on the formation of modern concepts of (and discussions about) subjectivity.
