### Spring 2016 Final Examination Calendar Guidelines

Final examinations are based on the day and time a course is offered therefore, if the course schedule changes, then the exam group may also change. Please note this calendar is only a guideline for faculty and students to get a sense of when their final exam may take place before classes are assigned rooms. The actual form of final evaluation for a course, as well as the date and time, must be included in the course syllabus at the beginning of the semester. Read [Final Exam Responsibilities](#) for more information on exam time conflicts, rules, deadlines and more.
